DISTRICT TOURNAMENT POLICIES

1. TEAM ENTRIES: Team entries must be submitted by each team's coach to the tournament manager on or before the 15th of May. Each school must submit separate entries for boys and girls. Coaches will list their players in order of ability, with the best golfer listed as #1, second best as #2, etc. An accurate average of each golfer's season match scores must be included. Averages should be given to the tenth of a decimal place to help with pairings. To be considered as an official entry, entries must be received or phoned to the tournament manager on or before the 15th of May. The coach must again verify entries at the time of registration, which shall be later than 30 minutes prior to the first tee time.

2. Tournament Pairings: The tournament manager will make up threesomes or foursomes for all teams. An effort will be made to keep golfers of equal abilities in the same foursomes. Golfers with the lowest averages will be teeing off first. In cases where entries have the same average to the tenth decimal place, a coin toss will be determined the pairing position. In cases where scoring averages submitted are not figured to the tenth of a decimal place, the submitted score would be figured to the highest tenth (a submitted average of 45 becomes a 45.9).

3. Team and Individual Scoring: Each school must be represented by at least a four-person team to be eligible for the District 6 Team Trophy. The team scoring will consist of the total strokes for each team's lowest four (4), individual 18-hole scores. The lowest accumulated score for the four lowest scores of the six-man team will determine the winning team.

4. Team Ties: In the case of a tie, two (2) members (to be selected by each team's coach) from each of the tied teams will play off in a sudden death match to determine the district champion. The accumulated score of the two-man team will determine the winning school. The holes played in sudden death will be predetermined by the tournament manager and announced to the coaches at the pre-tournament meeting.

5. Individual Ties: If two or more individuals tie for medallist honors, or for final positions to the state tournament, those individuals will participate in a sudden death playoff similar to that described for team. If two or more tie for other positions then retrogression will be used for final placing.
