OFFICIALS: The number of officials will be determined by the number of mats being used for the tournament plus one (1), and will be assigned to the tournament by the district director.

SEEDING: The site manager will be responsible for the seeding meeting.

Each school will be allowed only one (1) representative in the seeding meeting.

Participating schools will provide the site manager with season records of each participant and whom they have wrestled by no later than noon of the day of the seeding meeting.

**The intent of the seeding meeting is to appropriately place the best wrestlers in their respective brackets. To achieve that goal, the following criteria will be considered:**

- \* Head to head competition if records are comparable
- \* Overall varsity record.
- \* Previous tournament results.

A head coach may call a vote of head coaches at any time if he feels the following considerations for seeding do not appropriately seed a wrestler. If the coaches' vote is a tie the tournament manager will make the decision.

Two wrestlers from the same school cannot wrestle each other in the first round. Seeding adjustments will be considered at the seeding meeting to keep the two from meeting in the first round.

The district seeding meeting will be at the district tournament site the Monday prior to the tournament. The meeting will start at 5:00 pm. The tournament director shall run the meeting. As noted above the seeding information must be received by the site manager by no later than noon of the day of the meeting.
